I can't go with you
And I can't let you go
You can't be with me
So I won't let it show
I don't want you to know
So I'll just have to let you go

I'm going to love you so much better
You'll forget the error of my ways
I'm sending you the good I wished I'd given you
Oh how I miss you Rae
Some day you might well laugh at this
As memories of love all shift and time slips away

So don't cry honey
You can't see everything
But the wind still dries your tears
And the sun will keep you living
I just want you to see
My love's unseen but still keeps seeking

I'm going to love you so much better
You'll forget the error of my ways
I'm sending you the good I wished I'd given you
Oh how I miss you Rae
Some day you might well laugh at this
As memories of love all shift and time slips away

Oh Rae
Oh Rae
