You've got a lot of  
Things to say about the  
Big world and the  
High skies so you  
Walk a little in a  
Long mile to be  
Sure your eyes can see the  
Right sights

I see a  
Pale girl in a  
Blue room with a  
Pink dress and a  
Wide smile I see a  
Pale girl in a  
Blue room with a  
Pink dress and a  
Wide smile

You've got a little  
Way to go before you  
Find the knowledge that you're  
Searching for so you'll  
Turn the big world  
Upside down  
To find the things that you  
Never wanted

I see a  
Pale girl in a  
Blue room with a  
Pink dress and a  
Wide smile I need a  
Pink smile on a  
Dark night from the  
Right girl to be  
Sure it's right

You've got three million things to get mad about  
Another hundred things to get glad about  
Junk food  
The whole world over's good as standing round

So baby twist and shout baby  
Find out baby  
Find out baby  
Find out baby

So it's April and the  
Things you say don't  
Seem as certain as on  
Hogmanay when we  
Kissed at midnight and a  
Wee wee Bells had  
Gave me courage for my  
My heart to tell

I see a  
Pale girl in a  
Blue room with a  
Pink dress and a  
Wide smile I need a  
Pink smile on a  
Dark night from the  
Right girl to be  
Sure it's right

CHORUS  
Twist and shout  
Come on come on baby
