You always saw the best in me
Even when you knew the worst in me
Always something I forgot to say
You took a while to say what others said
Even when I walked away

We all know
When sinners fall
So what's the point
In a wind drowned call
I'm just a sinner
Falling out of your life again

You took a while to set me free
Especially knowing how happy I'd be
There's always some who'll only say
What a mess better leave him be
Let the devil take the rest and then we'll see

We all know
When sinners fall
So what's the point
In a wind drowned call
I'm just a sinner
Falling out of your life again

First you say wheels
You're wanting them to carry you
Next you say leave
Find a place to hide away
Then you say blood
Soon enough we all do
Then you've had enough

We'd better tell the waiting ones
I only acted like they said I'd always done

It's no surprise
This sinner fell
They're only glad
'Cause they could always tell
He's just a sinner

They're only mad because I crashed
Into your arms again

Into your arms again
