I feel empty inside and alone in my heart
I don't wanna realise that we've fallen apart
I feel i will cry if i picture your face
I'd willingly die for the warmth of your embrace
I wanted to have you
I think that i hate you so why can't i forget you
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
You have dug my lonely grave now just bury alive
There's nothing left inside of me how can i survive
All i can hear is your voice in my head
Without you I'd rather be dead
I wanted to taste you
I think that i hate you so why can't i forget you
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
Come on girl
Let me lick your little bite on the ear or something
(i don't want to)
Girl we've been cool for a long time
You just wont let me get a little taste
(uh uh no)
Oh you gotta let me eat you girl
(cant)
I can't just get a little bite off that rump or something
(oh you so crazy)
You know zombies get hungry too
I know butâ€¦you know what theyâ€¦
Come here

(ahhh he's gonna eat me)
I wanted to eat you
I finally ate you now i can't live without you
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
With my scars torn open i drown in a sea of blood tears
and agony
Surrounded by visions i don't wanna see of blood tears
and agony
