I can hear them i'm not what i was
I can see you i don't need you
You are a disease i was infected
But i've been cured i hate you i don't want you
I wont be taken for granted i'm not your slave
You are your own slave you are your own slave
You thought that you could keep me in your hell
But you are your own slave and you always will be
You know i hate your guts you truly make me sick
Of all the things you've done you'll burn in hell for this
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
I know who you really are i've seen it in your eyes
You don't scare me you scare yourself
You can't run from the truth for very long if you try
you'll lose everything
It doesn't matter no it doesn't matter nothing does
Except for what you can't regain it's your own fault
because you threw it away
You thought that you could keep me in your hell
But you are your own slave and you always will be
You know i hate your guts you truly make me sick
Of all the things you've done you'll burn in hell for this
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
Death is not what it seems you want it you need it you
think you in hell
You are your own hell so burn bitch burn
Burn in hell burn in hell burn in hell bitch i hate you
Burn in hell burn in hell burn in hell bitch i hate you

Burn in hell burn in hell burn in hell bitch i hate you
Burn in hell burn in hell burn in hell bitch i hate you
Burn in hell burn in hell burn in hell bitch i hate you
