I am still alone turned into stone  
Where did you go?  
What did you find?  
Where did all this come to an end?

Carry me  
Embrace me  
What I win I lose  
This is my truth  
Carry me

Do you see me as I see you?  
So many tears in me have fallen  
So many steps I have been crawling

Carry me  
Embrace me  
What I win I lose  
This is my truth

I am falling, falling (I am falling)  
I am drowning, drowning  
I am falling, falling (I am falling)  
I am crawling, crawling

Of every pain there is, I've felt, this is like never before  
I miss your face you are in my dreams I die like never  
before

Carry me  
Embrace me  
What I win I lose  
This is my truth

I am falling, falling (Of every pain there is, I've felt, this  
is like never before)  
I am drowning, drowning (I miss your face you are in  
my dreams I die like never before)  
I am falling, falling  
I am crawling, crawling
