I'm fading to grey, losing all track of time.
I'll die, in your own storm; I'm shattered in pieces,
I shut my eyes, I am falling this time.

I open my heart for you!

Now I'm being something I'm not,
Memories gone, I'm falling behind.
Now I'm standing, lonely in tears,
My heart is gone I'm falling behind!

I'm fading away, I lose in the end (I lose in the end),
A reason to be, find me a miracle,
Free my life from destruction,
What am I worth now, my happy ending long gone?

I open my heart for you!

Now I'm being something I'm not,
Memories gone, I'm falling behind.
Now I'm standing, lonely in tears,
My heart is gone I'm falling behind!

I never felt so alone, there's no turning now,
Forgiveness is long gone, I'm falling behind,
I never felt so closed, the legions are winning,
I'm falling behind; I'm losing my words now,
I'm falling behind; my life becomes lifeless,
I'm falling behind!

Standing lonely in tears, my heart is gone I'm falling
behind.

Now I'm being something I'm not, something I'm not!
Memories gone, I'm falling behind,
Now I'm standing lonely in tears, lonely in tears!
My heart is gone, I'm falling behind.

Now I'm being something I'm not, something I'm not!
Memories gone, I'm falling behind, falling behind!
Now I'm standing lonely in tears, lonely in tears!

My heart is gone, I'm falling behind!
