I wanna be on MTV, I wanna an interview with Carson  
Daily  
So play our video every hour please so everyone will  
get sick of me  
Play our song on the radio, put us on the Tonight show  
And watch as our dignity goes as we play the stuff for  
Jay Leno  
I wanna be a sellout, I wanna go to Number 1  
I wanna be rich and famous as the music loses all it's  
fun  
I wanna be on magazines and be an idol to all the teens  
I wanna make all the little girls scream and be the  
coolest guy you've ever seen  
I wanna slowly fade away, become a part of yesterday  
I wanna die when I'm old and grey  
Like a peice of shit, I'll be flushed away  
I wanna be a sellout, I wanna go to Number 1  
I wanna be rich and famous as the music loses all it's  
fun
