What is this life is it all real what do i do with these  
emotions i feel  
No one is listening to a word that i say i sit alone as my  
life slips away  
Cant concentrate on the good things i have my mind  
will focus on anthing bad  
So i will write another sad song in a miserable life is  
where i belong  
If i could hold you and never let go but i can't let you  
come into my home  
A home of sorrow a home of disgrace where i belong  
all alone in this place  
If i could hold you and never let go but i can't let you  
come into my home  
A home of sorrow a home of disgrace where i belong  
all alone in this place  
I've been corrupted by the evil i lusted mind set astray  
by the lies that i trusted  
I've come to far now there's no turning back it's my  
reign of evil and i must attack  
Please never feel the way that i do please never think  
that i want to hurt you  
I am a monster this i now know i am the scarred up star  
of the show  
If i could hold you and never let go but i can't let you  
come into my home  
A home of sorrow a home of disgrace where i belong  
all alone in this place  
If i could hold you and never let go but i can't let you  
come into my home  
A home of sorrow a home of disgrace where i belong  
all alone in this place  
When i look into your eyes it all dies  
When i look into your eyes it all dies  
Now look into my eyes and say goodbye  
If i could hold you and never let go but i can't let you  
come into my home  
A home of sorrow a home of disgrace where i belong  
all alone in this place  
If i could hold you and never let go but i can't let you  
come into my home

A home of sorrow a home of disgrace where i belong  
all alone in this place
