What if I told you there is no tomorrow?
What if you watch me walk away by tomorrow?

(So I had to fight, do I have to feel before I understand
who I am
So get away from myself, I need to get away
From my hatred who's standing next to me)

Time is now (Surrounded by shadows)
(A place with colours of darkness)
Time is now, our final hour
(Close to insanity)

What if I told you there is no tomorrow?
If I told you I just can't hold on
What if you watch me walk away by tomorrow?
If I told you tomorrow will be gone!

(Shadows surrounds me, they're everywhere)
(I am everything I need, what is this place thoughts
Coming to me because of who I was
Before I see myself in the mirror
I really understood what I'm made of)

Time is now (Surrounded by shadows)
(A place with colours of darkness)
Time is now, my fire has burned
(Close to insanity)

What if I told you there is no tomorrow?
If I told you I just can't hold on
What if you watch me walk away by tomorrow?
If I told you, you are still calling me, calling me

Painting my life in red, calling me, calling me
All that I wish for is fading away

What if I told you, told you, told you...
What if I told you there is no tomorrow?
If I told you I just can't hold on
What if you watch me walk away by tomorrow

If I told you tomorrow will be gone

What if I told you there is no tomorrow?

If I told you I just can't hold on

What if you watch me walk away by tomorrow

If I told you tomorrow will be gone
