Into the fire on my own. I know I won't see your face
again. Hey.

Are you sitting there alone, hey-ya-hey. Are you
thinking like me, of the laughing times.

Or all the sad and loving times?

Everything that's left of us is fading away!

Promise me to think of us, as a time so beautiful
Promise me to think of us, still bright, still colorful
Promise me to look back at us, as a time in your life,
you enjoyed

Surrounded by flames everywhere. What I used to be,
and not even there

The absence of you is killing me, hey-ya-hey. Are you
thinking like me, of the laughing times,

Or all the sad and loving times?

Everything that's left of us is fading away!

Promise me to think of us, as a time so beautiful
Promise me to think of us, still bright, still colorful
Promise me to look back at us, as a time in your life you
enjoyed

(Promise me, promise me) I will be fine without you
(Promise me, promise me) There's more in my life to
see you

(Promise me, promise me) I will be fine without you
(Promise me, promise me) There's more in my life to
see you

(Can you promise me?) to see you
(Can you promise me?)

Promise me to think of us, of a time so beautiful (so
beautiful)

Promise me to think of us, still bright, still colorful (still
colorful)

Promise me to look back at us, as a time in your life you
enjoyed

Promise me to think of us, as a time so beautiful (so beautiful)

Promise me to think of us, still bright, still colorful (still colorful)

Promise me to look back at us, as a time in your life you enjoyed
