Put my misery out for you to see hoping that you'll feel  
so sorry for me  
Thinking that you don't have problems of your own i got  
it worse than everyone  
I'm so depressed all the time i wanna die i sit alone in  
my room and cry  
I got tears that i want to share i'm showing you my  
despair why don't you care  
Why do you mock my miserable life  
Are you trying to push me towards the knife  
You don't know the extent of my sorrow  
Why don't my friends have a gun i can borrow  
With suicidal rantings i beg for your attention  
I just popped some pills did i happen to mention  
I need out of this so to you i whine about it  
Late at night when i'm laying in bed i think my life sucks  
and i want to be dead  
I got problems building up in my head why wont you  
listen i want to be dead  
I'm not homeless or living in a she'd but my life sucks  
and i wanna be dead  
I got problems building up in my head why wont you  
listen i want to be dead  
Put my misery out for you to see hoping that you'll feel  
so sorry for me  
Thinking that you don't have problems of your own i got  
it worse than everyone  
I'm so depressed all the time i wanna die i sit alone in  
my room and cry  
I got tears that i want to share i'm showing you my  
despair why don't you care  
Late at night when i'm laying in bed i think my life sucks  
and i want to be dead  
I got problems building up in my head why wont you  
listen i want to be dead  
I'm not homeless or living in a she'd but my life sucks  
and i wanna be dead  
I got problems building up in my head why wont you  
listen i want to be dead  
I want to die i want to die i want to die (i want to die)  
The trears i cry will tell you why i want to die (i want to

die)  
So whipe my eye and i will sigh i want to die (i want to die)  
I want to die i want to die i want to die (i want to die)  
I want to die i want to die i want to die (i want to die)  
The trears i cry will tell you why i want to die (i want to die)  
So whipe my eye and i will sigh i want to die (i want to die)  
I want to die i want to die i want to die (i want to die)  
Die die die die die die die die die  
Die die die die die die die die die  
Die die die die die die die die die  
Die die die die die die die die die  
I want to die
