Try not to wake me

'Cause of you, I'm lying awake at night all I'm seeing  
are pictures of you,  
As I close my eyes I fade my way into the laws of my  
dream world

It's a place of trust, would you meet me there?  
There's no time to spare, come and show me you care,  
Here we can make anything become real

All of my dreams are all I see try not to wake me can't  
you see  
All of my dreams are all I wanna see try not to wake me  
try not to wake me

'Cause of you, my tries to not think of you, they just end  
up in one million thoughts,  
It's way too much to mention, see what I mean when  
you see my creation

It's a place of trust I can meet you there?  
There's no time to spare, come and show me you care,  
What you believe in here will become real

All of my dreams are all I see try not to wake me can't  
you see  
All of my dreams are all I wanna see, try not to wake  
me, try not to wake me

All of my dreams are all I see, try not to wake me, can't  
you see?  
All of my dreams are all I wanna see, try not to wake  
me, try not to wake me, Trapped inside my own  
dreams,  
I'm not complaining, leave behind a lie of any kind,  
here it could disappear

All of my dreams are all I see, try not to wake me, let  
me be  
All of my dreams are all I see, try not to wake me, can't

you see  
All of my dreams are all I wanna see, try not to wake  
me, try not to wake me  
All of my dreams are all I see, try not to wake me, can't  
you see  
All of my dreams are all I wanna see, try not to wake  
me, try not to wake me

Try not to wake me
