I tried to be all that you need  
Tried to not ever let you down  
Still I can see it in your eyes  
Not good enough

This time I believed that I really could change  
I gave it all  
This time you really are my everything  
I guess I was wrong  
I guess I was wrong

What can I say, What can I do  
This is who I am and I'm hurting you  
What can I say, What can I do  
No matter how strong my feelings are  
I always end up hurting you  
I always end up hurting you  
I'm hurting you

I tried hard only to be him  
You always wanted in life  
Still I just bring you misery  
What can I do  
This time I believed in you in me  
When I gave it all  
This time I could see it perfectly  
I guess I was wrong

What can I say, What can I do  
This is who I am and I'm hurting you  
What can I say, What can I do  
No matter how strong my feelings are  
I always end up hurting you  
I always end up hurting you

Without you I keep crying  
With you I am just hurting you

Without you I am dying  
With you I am tearing your heart

What can I say, What can I do  
This is who I am and I'm hurting you  
What can I say, What can I do  
No matter how strong my feelings are  
I always end up hurting you  
I always end up hurting you  
I always end up hurting you  
I'm hurting you
