"Never sleep again, never sleep again, never sleep again."

3 A.M. and knocked on the forehead  
Too much beer and then I drank some more  
And now I open my eyes and something ain't right  
Cause I know I didn't party in a boiler room last night  
I got up and lit a cigarette  
So I can figure out where the fuck I was at  
That's when I heard s screech  
But not like on Saved by the Bell  
More like something you'd here on your way to hell  
I was starting to like where this was going  
When he appeared behind me unnoticed  
He clawed my back and ripped my shirt  
I said, "Hey asshole, that was a new shirt."  
He got mad, "Bitch, why aren't you screaming?"  
"I'm already dead, I share my body with a demon  
But that glove's real cool, I think I like your style,  
So you wanna smoke a joint and kick it for awhile?"

1 2 3, it's Freddy and me  
4 5 6, better grab your crucifix  
7 8 9, and then there comes 10  
Wake me up and you'll never sleep again

We got high and Fred started thinking  
I'm trippin out cause I'm high and dreaming  
When all of a sudden Freddy disappears  
And I wake up with a 40 of beer shoved in my face  
"This party ain't over, wake the hell up,  
I just rolled a New Yorker."  
I sat up on the floor and looked at my hand  
I was wearing Freddy's glove then I looked at my friend  
I sliced his arm and he starts screaming  
So does everyone else cause now he's bleeding  
I claw him in the gut, throw him across the room  
And everyone flees from their impending doom  
I saw some bitch so I cut off her face  
Before she runs away, bleeding all over the place  
Killing all the people at the party I could  
Who knew a nightmare felt this good?

1 2 3, it's Freddy and me  
4 5 6, better grab your crucifix  
7 8 9, and then there comes 10  
Wake me up and you'll never sleep again

There's blood on the walls, everybody's dead  
I look around the room then I hear Fred  
"Nice work kid, I like what I see,  
I think I'll enjoy having you kill for me."  
I said, "Freddy you can go to hell  
Cause I don't kill for no one but myself  
I've seen your movies, I know what's up  
I'm not scared of you so I guess you're fucked."  
He tried to claw me but I backed away  
Kicked him in the ribs and punched him in the face  
He stabbed me in the stomach and I yelled, "Ahhh!"  
"That's it Freddy, you're going down now."  
"Come get me bitch, what's you gonna do?"  
"I'm a zombie, you're gonna be my food."  
I started eating his flesh and he was slicing my skin  
Freddy vs. Dismal, who's gonna win?

1 2 3, it's Freddy and me  
4 5 6, better grab your crucifix  
7 8 9, and then there comes 10  
Freddy vs. Dismal, who's gonna win?

1 2 3, it's Freddy and me  
4 5 6, better grab your crucifix  
7 8 9, and then there comes 10  
Freddy vs. Dismal, I'm gonna win!
