I let my fingers rest on her
with greater pain and lesser worth
try to keep these saints at bay
as I'm wandering this desolate earth
so follow me around
through the dirty dregs and london town
now I'm feeling like the feeling's gone or can't be
found
yeah yeah yeah yeah yeah
I feel you over
yeah yeah yeah yeah yeah
I'm not asking the reason
you take me over
believe me it's easy to see
you opened up my throat
I'm bleeding crying out in apathy
I'm not asking the reason
I lay my head to rest
another heart is weighing down my chest
but I'm breathing out
she's breathing in
it's good I guess
today's another year
another night
another lie
I'm alive
this pain just feels so right
yeah yeah yeah yeah yeah

I feel you over
yeah yeah yeah yeah yeah
can you feel me over yet
I'm not asking the reason
you take me over
believe me
it's easier for me
you open up my throat
I'm bleeding crying out in apathy
I'm not asking the reason
when I'm getting higher
I'm not coming down
when I'm getting higher

I'm not coming down
now I'm getting higher
no not coming down
now I'm getting higher
no not coming down
called for you
I'm not asking the reason
you take me over
believe me it's easier for me
you opened up my throat
I bleed
we scream in perfect harmony
I'm not asking the reason
You've taken me
so I close my eyes
so I close my eyes
so I close my eyes
I'm not asking the reason
