sluggish world economic situation??profits h
Een running a little thin lately and we need to stimulate
some growth??now we know there's an alarmingly high

doesn't look like they'll ever get a job??it's about time
we did something constructive with these people??
we've got thousands of 'em here too.

The companies think it's time we all sit down, have a

president? he loves the idea! all those missiles
streaming overhead to and fro??napalm??peo

population??

Now look. just start up a draft; draft as many of those

can get our hands on, hand 'em some speed, give 'em
an hour or two to learn how t

practically everybody on your dole que
We plan this right. take every loafer on welfare right off
our computer rolls??now don't worry about
demonstrations??just pump up your drug supply. so
many people have hooked themselves on hero

vietnam. we had everybody so busy with lsd they never
got too strong. kept the war functioning just fine??

It's easy. we've got our college kids so interested in
beer they don't even care if we start manufacturing
germ bombs again. put a nuclear stockpile in their back
yard, they wouldn't even know w
T looked like??so how 'bout it? look??war is money. the
arms manufacturers tell me unless we get our bomb
factories up to full production the whole economy is
going to collapse??the soviets are
E same boat. we all agree the time has come for the
big one, so whadya say? !? ??that's excellent. we knew
you'd agree??the companies will be very pleased.
