Darkness covers all I've ever known  
But the shadow below reminds me that there's hope  
Morning comes, I sleep away the day  
My eyes rest shut but I hear every word they say

Tell me why you haunt me  
Why you stalk my mind  
Is this not enough?

We're not alone, not alone when we sleep at night  
Not alone, not alone, don't say goodnight  
I never dream anymore  
We're not alone

Separate illusions in my head  
Building walls around me in my bed  
Seeping through my logic I'm paralyzed  
Let the angels know they let me die

Tell me why you haunt me  
Why you stalk my mind  
Is this not enough?

We're not alone, not alone when we sleep at night  
Not alone, not alone, don't say goodnight  
I never dream anymore  
We're not alone

Tell me why you haunt me  
Why you stalk my mind  
Is this not enough?

We're not alone, not alone when we sleep at night  
Not alone, not alone, don't say goodnight  
I never dream anymore

We're not alone, not alone when we sleep at night  
Not alone, not alone, don't say goodnight  
I never dream anymore

We're not alone
