I gave you power and I watched you recognize
It gave you confidence, you lost yourself inside
And now I wait here for you to return to me
But I don't think you're worth my time

There's just another way we'll fall apart
You and me, and everything in between
You know I'm sorry
The stage was set for breaking
And I just can't take it anymore

You gave me power when you helped me realize that
love is poison
Then you slowly watched me die
And as I wait here for you to return to me
I know you're not worth my time... my time...

There's just another way we'll fall apart
You and me, and everything in between
You know I'm sorry
The stage was set for breaking
And I just can't take it anymore

You and me, and everything in between
You know I'm sorry
The stage was set for breaking
And I just can't take it anymore [2x]
