Rope's been cut
Sailing away
No more raining on our sunny days

They're way too bossy and downright mean
I won't let them toss scary thoughts in your dreams
How could they think what was wrong was right
They're always coming at us looking for a fight
We wanna live in peace
And they're loving their war
But you know me, shit you know me

I,I,I,I,I,I,I,I say we ditch them baby
I,I,I,I,I,I,I,I say those kids are losers baby

Sad souls
Double-dumb
Hate it when they 'shh, shh'
You so alive
Triple fly / Crazy fly
Make me feel so good.

I,I,I - I,I,I say we're what's important baby.

So what can I sing to you that I don't
whisper to you every night?
I found that beat that keeps you
moving all night, that God.

I know yeah, I know yeah
To look through my eyes it must be tough
But, gaze in that mirror girl
'Cause that's the only thing I love

Line them up, line them up
Say the word
I'll push 'em around for you
I don't care if it's a dragon-spider,
I'll knock any monsters down for you

Show me, show me a better girl.
No you're never gonna, never, never gonna find it.

Show me, show me a better world,
Without you baby, I don't, I don't, I don't want it.

What can I sing to her that I don't
whisper to her every night?
I'm gonna make sure that little girl inside her can shine
