(All right)

Hey where you going (hey where you going)
Hey where you been (hey where you been)
Lost in the world at the age where life begins
You're all alone (you're all alone)
On unfamiliar ground (unfamiliar ground)
Scared and running that's how you get around

[Chorus:]

Hey where you going (hey where you going)
That was 20 years ago now
All alone on your own for the first time
All alone on all alone for the first time

[Chorus]

Hey how'd you know (how did you know)
It was all just for show
How did you see through all lies (How did you see
through all the lies)

Since you've been gone (since you've been gone)
Life's been going on (been going on)
But I refuse to sit and cry go

[Chorus]

[Chorus]

Don't push me around don't hold me down
Don't tell me I'm wrong I'll do what I like
Don't push me around don't hold me down
I've gotta fight for my life go
Don't push me around don't hold me down
Don't tell me I'm wrong I'll do what I like
Don't push me around don't hold me down
I've like to fight for what's right

[Chorus]

[Chorus]
