Almighty wisdom
The only jewel, the only tool you need
Only fools believe in anything else
Don't waste wealth, nor knowledge of self

It's blue like the night or scarlet
Pregnant with life after life
Think right, you're back again
Born to win

From east and west
North and south
Through the eyes
The ears, the mouth

All that is within, is without
On your way
You strayed into doubt
I straightened you out

Some get healthy
Some get sick
Some try, some try to not exist
Step out on time

A dime sized fix but every second missed
Does crash back in
Now hours won't end, days don't begin
Or weeks pass by of days without end

If I'm back again
I'm done
After the next one

From east and west
North and south
Through the eyes
The ears, the mouth

All that is within, is without
On your way
You strayed into doubt

I straightened you out
