Its not gonna work this time, i dont want your apologies
you dont want to be here thats fine, do it for yourself,
not me
tired of all the drama, but look at how much you cause
tell me how fucked up that everyone is
your too blind to see your flaws
i was glad when we first met, now im just filled with
regret
the time to talk is through, ive got to turn my back on
you

i know noone is perfect, but you bring it on yourself
take a look around, you put the blame on everyone else
you scream at the top of your lungs, you turn around

we've all walked away
because even though you screamed the loudest
you've got nothing to say
i should have known right from the start, its plain to see
you've got no heart

i was glad when we first met, now im just filled with
regret
the time to talk is through, ive got to turn my back on
you

i see now that you're just a kid
in a few years you'll see what you did
you'll say that we abandoned you
but thats just what you made us do

i never abandoned you
were through
