You turned your back
lost your respect
there's nothing left
and i can't forgive what you did
you piece of shit
you became just what you said
you'd never be
oh my god look at you now
it's too fucking late
we can't relate and you're
not the person i knew
staying true, its not so fucking hard
but its too much to ask of you
you've got the drinks lined up

till you cant stand up
now what am i supposed to do?
YOU DRUNK
you dont even think, and we watch a part of you die
YOU SMOKE
i hear you choke, every word you said was lies
YOU LAUGH
you just sit back, make fun of what we had
youll talk your shit about how it was
and it sounds contrite and lame
but we're still holding on
and now you're fucking gone
