Visit "[Grounded](#)" on MotoLyrics.com

Just another weekend and you want to dance
Better ask youre parrents cause you want romance
Daddy is frustrated cause youre all grown up
Mommy cant take it cause you wanna rock

So you want it so you want it so you want it wanna run
away
So you want it so you want it so you want it wanna run
away

It is so boring its so hard
You know you are grounded Cause you made a fart

Oh so alone now in youre room
All youre friends are outside and you wanna rock

So you want it so you want it so you want it wanna run
away
So you want it so you want it so you want it wanna run
away

So you want it so you want it so you want it wanna run
away
So you want it so you want it so you want it wanna run
away
