There is a chance, winning the lottery
And it is free, the transportation

Dont You believe that Im 18 yeaha
Dont You believe that everythings great on MTV yeaha
And your old wife is a sex machine yeaha
And all the banks are only here to help you

Out on the streets, people are so nice
So give war a chance, like in the 70s

Dont You believe that Im 18 yeaha

Dont You believe that everythings great on MTV yeaha
And your old wife is a sex machine yeaha
And all the banks are only here to help you

Dont You believe that Im 18 yeaha
Dont You believe that everythings great on MTV yeaha
And your old wife is a sex machine yeaha
And all the banks are only here to help you
