Big ed(lady):

Man, fuck man

Hey lou man, don't you get new fuckin phone man

You can't even page nobody on this mutha fucka man

Man fuck that man, look my nigga finger gettin all tired
an shit man

Nigga get a new fuckin phone, man I gotta call my old
lady man, fuck

(hello?)

Wooo now, what's up, it's me, what ya doin

(uh, waiting for you)

Uh, that's cool, but look um, I'm takin that red

I'll be there first thing in the mourning

(ok)

You know tomorrow your day huh?

(for sure baby, but what we gonna do?)

Let's take a ride with the top down(top down)

The sun is out, just me and you

Drop your baby by your mama's house

Because today is your day, everything is right

And tonight we hot tub by the candle light

Drive up the coast(up the coast)

And look at the ocean

You deserve a man to give you all his love and
devotion

I got the love potion(uh huh), for your fallin heart

Don't let this world get you down, don't fall apart

You see, money brings joy, but just for a moment

Most men think that's enough, but see, me, I'm up on it

You need quality time, companionship

Pack your bags up, and lets go take a trip

Tahoe, nasa, whatever you want

I know the secrets how to keep you

Do what he won't, do for you

Plus erotic positions

Tongue lickin got ya quiverin without intermission

Chorus:

Jump in the ride and close the door

I'ma take you places you never gone before, come on

(just me and you)just me and you(just me, and you)just

me and you
We can do it all night, and experiment
It'll be so good you run and tell all your friends, come
on
(just me and you)just me and you(just me, and you)just
me and you

Big ed:

Yea I'm a freak, but I'm a freak for you
There aren't to many things that I won't do
But I haven't done this to all, only a few
But I'm a do this to you, cause your my boo
Take you on shoppin sprees(uh huh)
Beach walks for talks(uh huh)
And I will lie in bed next to you, even after dark
Now I ain't casanova(casanova)
I just know how to treat ya
And when I'm dickin you down is the only time I will
beat you
Some niggas play hard, like they don't need love
Like the only thing they need
Are they niggas and bud
But ain't no high like passion
Like when our hips are crassin
Or when we just chillin, sittin back and laughin
Be my queen, I'll be your soldier
When times are hard
Keep your faith in me and keep your faith in god
And we can make it, ain't no truer two
Cause there's no limit, it's just me and you

Chorus

Lady:

Well baby here I am, ready to take your hand
On that eternal ride, stay forever by your side
Lovin everything you do, and my girls wish they had
you too
But your down to only be my man
Me and you I hope they understand
