Chorus x2

[mr. serv-on]  
Aaaaaah!  
When you see us, all you see is fame and bitches  
When I see myself in the mirror I see a nigga bounded  
in bloody kisses  
Wishes to see my enemies slaughtered  
Don't make me harder  
Wake up in the morning with this tank on my chest, that  
makes it easy  
For me to digest the stress  
Know my nigga p screamed for many years to make  
some money for us all  
And now you niggas tryin to take off my tattoos  
And name me tryin to ball (never)  
Believe me nigga when I see ya, you gots to fall  
(believe that)  
All my tears in my heart (you never know)

And you feel me and this motherfuckin tank will never  
go (never never)  
I was taught to ride for this, do some time for this  
Slang some dope for this and if it came down I'd fuckin  
die for this

[silkk the shocker]  
Nigga fa sho (fa sho)  
I'm down to die for this shit.  
This no limit shit bigger then this motherfucker.  
Niggas just wanna be down.  
Wearing tanks and tatoos and shit.  
Know what I'm sayin?  
Niggas wanna get high with me.  
Know what I'm sayin, niggas wanna ride with me.  
Nobody wanna die with me or do twentyfive with me.  
Know what I'm sayin?  
Nigga let me tell you somethin.  
P run this shit.  
Know what I'm sayin, you know what the fuck tru is.  
All of a sudden niggas wanna leave and shit through  
the struggle.  
And now a nigga on top everybody wanna come back  
and shit.  
I tell my new no limit soldiers nigga, you gotta be  
military minded.  
Ready to go to war.  
Cause uh, everybody want a nigga.  
Know what?  
I'm a die for this shit cause uh, this is all I got.  
No limit.  
I'm out bitch.
