"Give It Back"

I paid my bills today
And when I was finished there was nothing left for me
no
They've taken all of it
I look in my pocket and there's nothing left for me

I want it back, give it back
I never said that you could take it in the first place

I gave my love today
My heart started jumping then it leapt right from my
body
He's taken all of it
And now it is empty I've got nothing left to give oh no
And now it's gone away

I have to get up and tell myself that I'm worth it
So now my bills are paid
I look at my life and there is nothing left for me

I gave my soul today
When the devil came knocking
I just let it slip away
