### **"Round The Corner"**

Visit "[Round The Corner](#)" on MotoLyrics.com

I see the kids on the streets they got nothing to do  
Smashin' up the phone booth 'cos they got nothing to  
lose  
You can't tell them cos they don't give a shit about me  
or you  
They're walking around like zombies on a short fuse

There's a riot going on at the Coop round the corner

The chavs are out on the streets and out of control  
They all look the same in hoodies they ain't got no soul  
In every town they're hanging around they wanna fight  
with you  
Intimidation tactics and verbal abuse
