"Take A Good Look"

Visit "[Take A Good Look](#)" on MotoLyrics.com

Come walk with me come take a look around
We are destruction bound
We're travelling faster to the enemy
Do you like what you see?

Take a good look, take a good look
Tell me what do you see?

From bad to worse is where we're going to
There is no escape for you
This line we're balanced on is wearing thin
I see us falling in

I don't know where this world is going to
It's down to me and you
If we don't change there will be nothing left
We gotta sort this mess
