(Verse 1)

Take me away again.
I feel the same today, as any other day.
They're all the same without you.
Look at me again.
Wasting the day away with my only friend I haven't
pushed away.
I haven't pushed away.

(Chorus)

And I think of you. It brings me only pain.
And I drink with you to make it go away.
And I tell myself; tomorrow is the day I'll be okay
without you.

(Verse 2)

I Felt your ghost again.
I feel your breath. I turn but you're not there.
You're not there.

(Bridge)

And I'll love to wear your sea again.
And I swallow all of your fears and then die to run
away.
From what evil lies beneath.

(Chorus)

And I think of you. It brings me only pain.
And I drink with you to make it go away.
And I tell myself; tomorrow is the day I'll be okay
without you.

(Verse 3)

And I see your face again.
Your embalm of a glass, lyin' in the rain.
On a cold November day.

(Chorus)

And I think of you. It brings me only pain.
And I drink with you to make it go away.
And I tell myself; tomorrow is the day I'll be okay
without you.
