another shooting star they're cheering for us
as we fall apart
they just came to see the show
you know
a puppet on a wire
we got to give them what they came to see
it's not their fault they just don't know
no

it's not the fall that kills you
it's not the fall that kills you!

you sure do hide the scars
no one wants to see the ugly truth
we glorified instructions' path
that we have come so far hoping to be swallowed by
the dream
the swirling whirl that's just too vast
way too vast

it's not the fall that kills you
it's not the fall that kills you!
when everything is stripped away from you
it's not the fall that kills you
it's not the fall that kills you!
when everything starts to fall apart
it seems they left before it starts

it's not the fall that kills you
it's not the fall that kills you!
when everything is stripped away from you
it's not the fall that kills you
it's not the fall that kills you!
it falls apart no matter what you do
it's not the fall that kills you
it's not the fall that kills you!
it's not the fall that kills you
it's the sound at the start

another shooting star they're cheering for us
as we fall apart
