I'm at the edge of a cliff,
And you've got me losing my balance.
Lost in the lights, as the band plays an old type of slow
dance.
The calm in your eyes, the perfume on your neck.
I'm holding my ground, but I wanna give in.

Chorus:

It's a long way to fall, but your hard to resist,
Cause I'm drunk from the potion and taste on your lips.
And I'm ready to give love a chance.
I'm at the edge of a cliff, you've got me losing my
balance.

Around and around,
Like two pawns on a chess board, you've captured my
heart.
Still unaware, that girl I'd follow you to wherever you
are.
You say you feel safe with your head on my chest,
I can't help myself from leaning over the ledge.

Chorus:

It's a long way to fall, but your hard to resist,
Cause I'm drunk from the potion and taste on your lips.
And I'm ready to give love a chance.
I'm at the edge of a cliff, you've got me losing my
balance.

I thought that I could live life without you
And up to till then I've been strong.
But there's so many things girl, that I'd miss about you
If we didn't give this a shot.

Chorus:

It's a long way to fall, but your hard to resist,
Cause I'm drunk from the potion and taste on your lips.
And I'm ready to give love a chance.

I'm at the edge of a cliff, you've got me losing my
balance.

Ohh,
I'm at the edge of a cliff,
You've got me losing my balance.
