Ahhh, yeah  
C'mon now  
You're looking good

I know something about love  
You've gotta want it bad  
If that girl's got into your blood  
Go out and get her

If you want her to be  
The very heart of you  
Makes you want to breathe  
Now Listen  
Here's what you got to do

Tell her that you're never gonna leave her  
Tell her that you're always gonna love her  
Tell her, tell her, tell her, tell her right now

I know something about love,  
You gotta show it and  
Make her see the moon up above  
Reach out and get it  
If you want her to be always by your side  
If you want her to  
Only think of you

You gotta tell her that you're never gonna leave her  
Tell her that you're always gonna love her  
Tell her, tell her, tell her, tell her right now

I know something about love  
You gotta take it and  
Show her what the world is made of  
A kiss will prove it  
If you want her to be always by your side  
Take her hand tonight,  
And swallow your foolish pride

Go On and tell her that you're never gonna leave her  
Tell her that you're always gonna love her  
Tell her, tell her, tell her, tell her right now

Ahhh yeah, go on and tell that girl

Tell her that you're never gonna leave her  
Tell her that you're always gonna love her  
Tell her, tell her, tell her, tell her right now
