In the moonlight  
In the sunlight  
In the starlight I'll search for you  
On the highways  
In the skyways  
On the byways I'll search for you

And when I find you  
Just like in my dreams  
I'm gonna love you  
Out in the moonbeams  
And even if it takes  
A month or a year  
I'm gonna make you  
All mine my dear

In the moonlight  
In the sunlight  
In the starlight I'll search for you  
On the highways  
In the skyways  
On the byways I'll search for you

I'll travel to the east  
I'll travel to the west  
I don't care how long it takes  
I'll never take a rest  
I'm not coming back  
Until you're in my arms  
And I can see you night and day  
With all of your charms

In the moonlight  
In the sunlight  
In the starlight I'll search for you  
On the highways  
In the skyways  
On the byways I'll search for you

And when I find you  
Wherever you may be  
I'll pick you up in my arms

And take you home with me  
I'll build you a cottage  
Fitted with beams  
And we'll be together  
Just like in my dreams

In the moonlight  
In the sunlight  
In the starlight I'll search for you  
On the highways  
In the skyways  
On the byways I'll search for you
