[Big Sound talkin']

Biggie Sound the best for the street

The best for the broken

Huh, Respect my Tech

[Big Sound]

Be a thug too

Spend some money now, buy a yacht now

Increase your lifestyle, shack or mansion now?

All right with you?

Don't let go, girl, that crazy dress

No stress, I'm the best, B.I.G. rest!

The boss now in the Benz or Bentley

Believe me, sell my music is so easy

Nah, you're like Mona Lisa

Fold and winds as reefer

No cash, only walk with Green Card and Visa

Music of Queen Latifah

I received a message of girl

We'll be you and me, juice and pizza

[chorus][2X]

Big the best! Be a thug too!

Face with his gun and don't runnnnn!

Buy some bitches

Make some riches

Face with his gun and don't runnnnn!

[Big Sound]

Come on!

Walk with your own legs

Leave the Dad's house or Rampage hit your head

Leavin' the tile completely red

She wants to take my clothes

Want to be the new queen, live a dream

Old maxim, "Get rich or die!"

I did the full service, it made me feel in sky

Take this paper, the Biggie will fly!

Go on! My money is long

Who's the patron? Where's Teflon? My throne?

She said my wip in my zone

[chorus][2X]

Big the best! Be a thug too!
Face with his gun and don't runnnnn!
Buy some bitches
Make some riches
Face with his gun and don't runnnnn!

[Big Sound]

I'm checkin' out, breathin' now
I'm on the third floor of the mansion now
Time's up, decided or not to be a thug?
Snoop is a pimp, 50 is gangster
And I'm burstin' at the club
The big-drum, the sound of the DJ
Mayday! We're surrounded by spray
Ak, tense day
When you get home take care of J

[chorus][2X]

Big the best! Be a thug too!
Face with his gun and don't runnnnn!
Buy some bitches
Make some riches
Face with his gun and don't runnnnn!

[Big Sound talkin']

Be a thug too
It will take this life too
B. S. Thug
Haha
