[intro]

Hey guys we're here to shoot

[Heartbeat]

[verse 1]

Look good! This sound doesn't come out here  
The Big-Big spendin' is down the street  
Sucker is like sucker and  
a millionaire and me is equal  
How is this done? They think I'm good people  
I shot niggas hat and niggoos  
I'm a.k.a Sentex  
I'm explosive! Bitches who know only want sex  
It's July 4th - My Jet flies over Central Park  
Girls, fires, I'll take you to the amusement park  
It rises, it goes down, the carousel and the playground  
I'm the teddy bear and the thug sound

[chorus]

Shoot ducks and rob banks  
(It's like that man)  
Negotiate with dope men, terrorists and stars  
(I'm the cokeman)  
Ca\$hville not be the same  
(I run-run - I run man)  
Feds on the lil'train, FBI on the tent love-apple  
(I'm going crazy mannnnnn)

[verse 2]

Spell with me!  
B.I.G.G.I.E. - We move the money in the street  
Our life is T.H.U.G.  
I had to have seen me kid

I frightened the white boys and lean  
A lip of gorilla and a black glock  
Arming katagatami in a weak block  
Armlock, kimura, Bruce Lee was like me  
Com'on, you'll try to jump the wall of my crib?

[chorus]

Shoot ducks and rob banks  
(It's like that man)  
Negotiate with dope men, terrorists and stars  
(I'm the cokeman)  
Ca\$hville not be the same  
(I run-run - I run man)  
Feds on the lil'train, FBI on the tent love-apple  
(I'm going crazy mannnnnn)

[verse 3]

On one hand Hennessy another Tangueray  
Try to copy my way  
Glock on the table and Reebok shoes below  
So white like the snow  
Niggaz dancin' like a skull  
I made me rich, the Taurus made you dead  
As she kissed her head  
Leavin' the bed completely red  
My voice is fading  
Still left to you a dough  
3 knives, 1 Avtomat Kalashnikova and mo'

[chorus]

Shoot ducks and rob banks  
(It's like that man)  
Negotiate with dope men, terrorists and stars  
(I'm the cokeman)  
Ca\$hville not be the same  
(I run-run - I run man)  
Feds on the lil'train, FBI on the tent love-apple  
(I'm going crazy mannnnnn)
