[intro - Biggie Sound & (Havoc)]

The damn music that goes into this crib

Welcome to my crib!

(The Biggie Sound and M.O.B.B.)

[Biggie Sound]

Burstin' some Hennessy's

Tonight my dick is sweet

Attractin' the queen bee and crazy bitches

Damn, the guys at the club knows I'm the MVP

'Cause I got the girls and that Hennessy

Lisa knows what I'm talkin'

She doesn't like the guys with whom I'm walkin'

Check it, this's the pleasure house (yea!)

Now, we got Henri IV, smoke and music in the  
background

The girls are turnin' my crib into a playground

The baby mamas want to sit with me

She want to prove my sweet

Outta control!

Going up the sound and burnin' the dough

Go nigga! Yeah nigga Yeah!

[chorus: Biggie Sound]

No, no, no, the party ain't over

Say whatchu want?

The girls ain't over, the drinks ain't over

Welcome to my crib

We still got gamblin' and Hennessy

[Havoc]

Unit on fire

We can't surrender to this desire

Wagging baby! It's gettin' hotter

Everybody's jumpin'! Everybody's with the hands up

In the crib if the baby girl down, no problem

I'ma sex pro, the hoes want to holla

Come down the way I like that you'll earn extra dollar

My niggaz like the bitch with "Dark Blue"

The bitch want me, now I'll tell you

A lil' bit of Don and I want it too ("unnnh")

Mysterious girl wit red shoes and green eyes

New York know that I got extra clips  
The girl from LA knows I like her lips  
Smokin' a weed and slidin' on her hips  
Ha-ha

[chorus: Biggie Sound]  
No, no, no, the party ain't over  
Say whatchu want?  
The girls ain't over, the drinks ain't over  
Welcome to my crib  
We still got gamblin' and Hennessy

[Prodigy]  
I don't run! His niggas are well aware!  
You see me here! You see my crew there!  
I know girls like rockin'  
I'm furious at what I do (uh!)  
But the girls want a stoppin'  
Let me tell you somethin', the girls have a natural  
lockin'  
They gotta charmin', open smile  
But when it's around 3:15  
She just want to indulge, taste our cream  
Livin' in a dream and fly in our Benz [\* ghostwriter \*]  
I say we're the best  
Puttin' the "two" before the 'Pac  
We rest when we get to the top  
The party ain't over! I'm a soldier's killa  
Doing a little duece duece and callin' my nigga  
What? Biggie "Sentex" Sound and M.O.B.B.  
Today and always! Rest in peace B.I.G.

[chorus: Biggie Sound][2X]  
No, no, no, the party ain't over  
Say whatchu want?  
The girls ain't over, the drinks ain't over  
Welcome to my crib  
We still got gamblin' and Hennessy

[Biggie Sound]  
Southside! (ha-ha)
