album: Get The Dollar

[intro - The Biggie Sound]

Let's go get the money!

C'mon! Hey!

[chorus - The Biggie Sound][2X]

I'm the world's best and you copy my style

Smile! You see my soldiers around

When I get on the block the bitches wanna holla

Everybody sing with me 'cause we're get the dollar

[verse 1 - The Biggie Sound]

Girl, I already told you how much you want?

Wanna take you to sky

When my crew wakes up my Benz goes fly

Where do I go they block the streets

Glock saw death up close and told me how to die

Prefer leather jackets and fur coats

Caress the Shaniqua and savor the honey from his mouth

Flying in Jets and buy houses

New York!

[chorus - The Biggie Sound][2X]

I'm the world's best and you copy my style

Smile! You see my soldiers around

When I get on the block the bitches wanna holla

Everybody sing with me 'cause we're get the dollar

[verse 2 - J. Glock]

I ain't pretentious to fetch mo' than 'Pac

I got the swing, I have an obsession with gettin' to the top

I got the pistol that shot those cops

Biggie Sound will still reign

New York is great and may have other kings

After breakin' a bottle

He'll break your bar

I don't know who killed Ryan in war

After we become new millionaires

I'll be a new star

Southside!

[chorus - The Biggie Sound][2X]

I'm the world's best and you copy my style
Smile! You see my soldiers around
When I get on the block the bitches wanna holla
Everybody sing with me 'cause we're get the dollar

[verse 3 - MC Quita]

I want the thugs yelling at me
Gettin' the money ((money)) {{money}} [[money]]
Spendin' money ((money)) {{money}} [[money]]
Playin' dice with me
That green drink that we'll savor
In the suddenly I make a letter to earn extra paper
But, the niggas on the another block want shoot me
Big got extra clips, Glock got extra clips
I have charm and I'll kill when crosses our way
I'll make them have a bad day and shoot with my
automatic spray
All the thugs now!

[chorus - The Biggie Sound][2X]

I'm the world's best and you copy my style
Smile! You see my soldiers around
When I get on the block the bitches wanna holla
Everybody sing with me 'cause we're get the dollar
