[intro]

Yeah nigga..

Listen to the speech that my gunz

Heard?

[chorus][2X]

My Taurus I pop

This bullshit will get hot

Gunz that talk

In broad daylight in New York

[* click-clack *]

[verse 1]

I promise! You no more look to the sky

Biggie the villain of this hood

Do you tremble when he sees me in my Benz-Wood

When the day arrived, it was difficult to clap it

But I'm quick with my mac B

I didn't use the Uzi, was me who made that music

Listen now man, the sound of bangin' pipes

His eyes will skip tonight (yea!)

I got that Ninja hood

Motherfucker you need to respect me

I'll stick on your forehead my Tech G

Don't think that will stretch me (haha)

If you hate me, I'll shoot at you

If you throw in my bitch, I'll shoot his bitch too

We can just stay there all day

Would be fallin' on my way

Damn, I'm not a prisoner of that motherfuckin' State

Yeah!

[chorus][2X]

My Taurus I pop

This bullshit will get hot

Gunz that talk

In broad daylight in New York

C'mon [* click-clack *]

[verse 2]

Hey Glock, know that when I'm around

My soldiers are around

My Taurus I pop, the bullet is quick
We're in this game shit (huh)
Violence generates violence - Money generates bullshit
My gunz disappearin' in New York
I got an arsenal of gunz that talk (I got!)
I got the password, you got the paper?
Get in line because you'll not rape ya (nah)
My bitch got diamonds, made me a playa
She gotta Rugger (yea!)
And throw in his bitch if her into the corner
His bitch down - And a bitch get laid down

[chorus][2X]
My Taurus I pop
This bullshit will get hot
Gunz that talk
In broad daylight in New York
Check it!... [* click-clack *]
