[verse1 - Biggie Sound]

Looks like I step on your club
I'm shakin' with B. S. Thug (Huh-huh)
Get out Lucifer, intoxicated like a chump
Don't forget who I am, I know all you want
This's a newshit bump, a little Hennessy and blunt
I already got styyyyyle as a kid
They love the way it did with my dick
They wanted to be seen with me in the street, The Big
G
As teenagers, we just wanted money and weed
Now, Biggie Sound for mayor
Your player starts to prayer
"Smack the bitch in the face - The hooker layer"

[chorus - Big Sound]

Aww nigga know that I'm strong
"Yo Big, you're dead wrong"
Imagine Biggie and Biggie together
But life goes on

[verse2 - Rick Slim]

Come have fun with the Big Sound Thug - Baby
We're all crazy
Come and stay in front me
We don't do anything
We just need your smile (something)
Girl, tears in their reach
Nigga my Tech reaches its bitch
We have hearts and fo'-fo'
You can call me Slim - crazy no more
DJ Kidd, the night comes, I can hear a zip
Breakin' the street and gettin' in my crib

[chorus - Big Sound]

Aww nigga know that I'm strong
"Yo Big, you're dead wrong"
Imagine Biggie and Biggie together
But life goes on

[verse3 - Jim Rampage]

We know nothin' about Nina Ricci

We know all about the bitch
We got Puma watches and cars from Mercedes
Serve bottles rose for the ladies
Full of grace and style
Take off your Dior pajamas and open smile
Today we don't know the block
On hand a Tangueray and no mo' the glock
She wants Prada clothes and handbags Paco
She wants to go to southern Italy and Pearl Harbor
We're rich baby and we are crazy
Ring 1 million can't escape me

[chorus - Big Sound]
Aww nigga know that I'm strong
"Yo Big, you're dead wrong"
Imagine Biggie and Biggie together
But life goes on

[Big Sound talkin']
Gotta go, gotta go
More we go back
With mo' money, mo' power and mo' style
Biggie Sound - The ass crusher
R. Slim - The thug
And Jim Rampage - Killer soldiers
This was a presentation of T.B.S. Thug [applause]
World up for my niggaz in the Bronx
