[verse: Bigg Sound]

Hu-Huh! I'm back!

Hoh! I have my eye on those bottles there!

Down the main street in my Ferrari

I got it! I think in Yara comin' to my party

Keyrings, stickers, black t-shirts

I'm pumpin'!

Always spendin' my paper, I'm jumpin'

Since I gotta gift

Gabriella Jordan: "Rich, Rich, Rich!"

I'm fryin' a pancake for a bitch

Tanqueray, Hennessy and a lil' bit of Don

Everybody rise, now it's new patron

[chorus: Bobby Shaw]

I need you (suuuuuuuu)

I can reach it

I need you

Wooooo-Wooooo

I need you

What can I say

You brightens my day (suuuuuuuu)

I need you

I can reach it

I need you

Wooooo-Wooooo

I need you (suuuuuuuu)

[verse: Bigg Sound]

DJ no stop!

Tonight I'll be there, to be sure!

DJ no stop!

Tonight I'll be there, to be sure!

DJ no stop!

Tonight I'll be there, to be sure!

[verse: Bobby Shaw]

I got the chance to know Iesha

I'll show it my style, tonight she stays witcha

But it'll hide the my girl's picture

I'll take it to the best dreams

Come with me damsel! Hex me in my Benz

Wooooo-Wooooo  
I'm smilin' for my crew  
Tonight I promise to know everythin' about you  
Wooooo-Wooooo  
After the last bottle I'll be with you  
Can you feel me?  
On Christmas where you will win a Bentley

[chorus: Bobby Shaw]  
I need you (suuuuuuu)  
I can reach it  
I need you  
Wooooo-Wooooo  
I need you  
What can I say  
You brightens my day (suuuuuuu)  
I need you  
I can reach it  
I need you  
Wooooo-Wooooo  
I need you (suuuuuuu)

[verse: Bigg Sound]  
A day she was  
You're right baby, baby  
So back, so back, so back  
What the fuck! Every time I make a rhyme gain  
royalties  
When you come open the drawer beside the bed  
Find what's going on in her head  
Yeah! Let's try again  
Hu-Huh! I'll give you a world of dreams  
C'mon!

[verse: Bobby Shaw]  
Wooooo-Wooooo  
I'm smilin' for my crew  
Tonight I promise to know everythin' about you  
Wooooo-Wooooo  
After the last bottle I'll be with you

Wooooo-Wooooo  
I'm smilin' for my crew  
Tonight I promise to know everythin' about you

You brightens my day (suuuuuuu)  
I need you  
I can reach it  
I need you  
Wooooo-Wooooo  
I need you (suuuuuuu)

[verse: Bobby Shaw]  
A new success  
A new day  
Another bottle, another girl  
We moved and rebuild a new world  
Now, what can I say  
Tabetha and Kay changed my day  
Nah go, you need to enter my flow  
So back, so back, so back  
Ladies I love this game  
Leavin' aside the gat  
The sound makes the turn and back  
New Bigg and Bobby Shaw leave no tracks

[chorus: Bobby Shaw][2X]  
I need you (suuuuuuu)  
I can reach it  
I need you  
Wooooo-Wooooo  
I need you  
What can I say  
You brightens my day (suuuuuuu)  
I need you  
I can reach it  
I need you  
Wooooo-Wooooo  
I need you (suuuuuuu)

I need you  
Wooooo-Wooooo  
I need you (suuuuuuu)(suuuuuuu)
