[intro]

Yeah...

It's Biggie Sound!

Three niggaz, one shot and bullshit

[verse 1]

I tell you to go

And you go on that

Softly in tha Maybach I'm hittin' his cap

The southside favorite color is black

True Biggie is to forget it

Our waters are so acidic

Only 3 crystals pots we have to split it

In that story the 3 niggaz will hit it

So angry, so angry, so rich

Every 2 minutes I'm enrichin'

I'm changin' my chick, I'm hittin' his bitch

Check it! I'm ready for next pitch

[chorus]

Bring it (his girl get down)

Bring it (his girl get down)

Bring it (his girl get down)

Respectin' but I'm fuckin' with his girl

Bring it (his girl get down)

Bring it (his girl get down)

Bring it (his girl get down)

She'll suck me and flyin' around the world

[verse 2]

No new chance

I'll drive my Bug' up my hood

I'm feelin' so good

Singin' with the new ceilin'

J. Glock is behind you, it's killin'

Try to trick him or J.R. will find it

No use is behind me

I shoot a shot! I can get hot!

You're not yourself and can't stop

You're doomed to flop

Let's go! The unit is on fire!

My gun is even hotter

[chorus]

Bring it (his girl get down)
Bring it (his girl get down)
Bring it (his girl get down)
Respectin' but I'm fuckin' with his girl
Bring it (his girl get down)
Bring it (his girl get down)
Bring it (his girl get down)
She'll suck me and flyin' around the world

[verse 3]

Rotatin' the drum, pullin' the trigger
My bullet hit the head of his nigga
This act has not made me a killa
This fact made me a playa
I stay ya! She scream: "Biggie-Boss"
She like my style, she like the Bad Boyz
Turnin' a rubber in its history
Because of my paper you who blow me
Rememba the penitentiary?
My city is still black elementary
New hit and mo' shit!
I'm now like 50 Cent
Takin' you on purpose to my game
Don't hate us or we get so angry
And his guts will explode and fly to Miami

[chorus]

Bring it (his girl get down)
Bring it (his girl get down)
Bring it (his girl get down)
Respectin' but I'm fuckin' with his girl
Bring it (his girl get down)
Bring it (his girl get down)
Bring it (his girl get down)
She'll suck me and flyin' around the world

[Biggie Sound freestyle]

We're the best now! (So high, so high...)
Jumpin' again and we're comin'!
C'mon niggaz! C'mon niggaz! (So high, so high...)
T.B.S. Thug (ha-ha-ha-ha)
