[Big Sound]

Nigga bring that dope blue and the good shit  
I'm now gettin' this rap shit  
They advised me to hire a lawyer (haha)  
Damn, when night is fallin'  
I see some niggaz out there walkin'  
I can see them, I feel the smells  
They stink like little skunks hell  
I'm here with the "Big Sound Thug"  
I'll look in tha hall, I think tha club (Huh)  
I can touch the sky, you hope a glock  
With the niggaz broken and the bosses block  
I'll pay you nigga, I step over their gangs  
I'll let you change  
I'm out there, runnin' a black Benz  
Damn! niggaz want to stick my for my cream  
Oh nigga, here we go!

[chorus - Big Sounq]

You're the hood boss?  
So look around me  
You smell like a fag  
So look around me  
You have something for me?  
So look around me  
Are you findin' the broken boss?  
So look around me  
[bullets fallin']

[Big Sound]

You're my target time nigga  
You want gold and platinum nigga  
You'll run nigga (yeah!)  
I have men around the hood  
They're from the Bronx to Hollywood (rrrrrrr)  
I get heavy  
I have bullets that pierce your body  
If I die today I'm happy for the party  
What I did with your bitch at home (shots)  
Motherfucker you're testin' me?  
For already had people around blessin' me  
Is the title that will give me that makes you mad

Or is it to look in the Jag?  
The 89 years I met the world  
Nigga, is my queen can be your girl (haha)

[chorus - Big SounG]  
You're the hood boss?  
So look around me  
You smell like a fag  
So look around me  
You have something for me?  
So look around me  
Are you findin' the broken boss?  
So look around me  
[bullets fallin']

[Big Sound talkin']  
I'm waitin' with a semi-automatic  
I'm sittin' on the sidewalk  
I'm right here in New York  
[Big up to where?]  
By the end, until they're facin' me  
[sound of rain fallin' and gun shots]  
The day is comin'... (echo)
