Ohhhhh, oh-oh, yeah! yeah!

Thugz withcha!

Ohhhhh, oh-oh, yeah! yeah!

C'mon!

[Bigg Sound]

Listen! I gotta Ruger, I gotta Taurus, I gotta Tech

Don't try to be feared, try to be respected

So what are the real G's (yea!)

Like the Optimus Prime I gotta gun

You're dull and I shine like the sun

He tried to apologize wit' a bullet in my shoulder

Now he's paranoid and see you around my soldiers

He threw in my crewwww, shot my Bentley

I ain't any, the money I got plenty (yes!)

Now you know me as Bigg

Forget Richmond, who was his friend as a kid

You sold yo soul, like 50 Cent did wit' Joe

I'll shake his crew and burn yo dough

This crap will neva end, you'll not try again

Damn nigga! You've no where to listen to "Forever  
Friendz"

Bigg hitz, Bigg then asks

Bigg blow, Bigg'n'Jim flies like gases (ha-ha)

[Jim Rampage]

I'll download, I'm downloadin'

What the fuck gangsta are you?

So check it in style, T.B.S. Thug isn't yo crew

I'll download, I'm downloadin'

What the fuck gangsta are you?

So check it in style, T.B.S. Thug isn't yo crew

[Bigg Sound]

Scrap by J. Glock

Scrap by Davis and I broke his ribs

I think you've heard this shit

I just want you to know that I've mo' clips

Threatens to Cad and see my clips (ho!)

I gave a few tips, you don't wanna look at the bricks

O. said: "Take up and grind"

The smoke was still in my mind  
Tonight you'll risk on the floor of this crime  
Need not go to the BX to see this homicide (ha-ha)  
Press play, listen carefully to the sound in yo BMW  
So real it will look at you  
Who knows may not be yo crew  
Who knows you can't be the next too  
Yeah!

[Jim Rampage]  
I'll download, I'm downloadin'

When you yell at the Southside  
Seems to be screamin' Westside  
I shoot those who idolize the Westside  
I'm representin the Southside  
You're so weak that it's outside (down)  
The feds wanna extort my family  
Their actions are empty  
Criminal is criminal and enemy is enemy  
Stick yo head in his underwear and suck yo dick  
Shoot the first nigga and be a motherfucka is playin'  
You love to masturbate when Jimmy is sayin'  
I'm muscular, I'm pumped  
You deserve it, now you sit back and jumped (c'mon)  
Woww, yeah, you're a chump  
Gettin' choked wit' blunt (huh)  
What the fuck G are you?  
I'm rockin' by city and you? (no!)
