[chorus]

You only think about beating me  
You only think about beating me  
I'm flyin', I'm flyin'  
And you are dyin'  
You only think about beating me

[verse1]

I'm number one, load my gun  
You don't realize, but I'm endin' with you, huh  
I'll step on you as if they were cheap  
Been in this shit together bitch  
Lil' Wayne is a fag breathin' cocaine  
Death to my enemies, you're a crazy man  
Tired of the current sound, fuck these Hip-Hop fags  
No one's gonna stop me, I'll play as my shots  
Click-clack - fuck the guys Def and Jay-Z  
I'm going crazy, so shake it baby  
You'll not escape me, why not face me  
I'm now in a Bentley (So, so, so boss)  
Put the gun on me, don't you shoot? (I'm so boss)  
The Game stop with these bad rhymes  
Look at the light! Don't step out of line  
Mo'fucker, is you Rick Ross  
If I were 50 had already killed you, I'm the boss  
You never walked in tha hood, will never be one of the  
Bad Boyz  
Look deep into my eyez  
Many, many, I said many men are dyin'

[chorus]

You only think about beating me  
You only think about beating me  
I'm flyin', I'm flyin'  
And you are dyin'  
You only think about beating me

[verse2]

The street have shadows  
They're in their mind, they'll follow  
No mo', no mo' give soft with his gang  
Now, I know what to do

You only think of my paper  
You only think of me down  
I heard - "Let's shoot the Big Sound!"  
White sneakers, yellow shirts and blue jeans  
Previously you used to have dreams  
Today you can't even sleep  
His terror is to appear at his club the "Big-Big Thug"  
I'm burstin' in your zone and even in your club  
Put the sound of the G-Unit  
I'll show you my crew, my fluid  
Here only angry gorilla, then sings Southside  
Let's touch the sky, let's smoke this plant  
This's the commando, I'll end my ammo  
All for my enemies, Now I can go  
Hands up - This's the product of hood  
Consumed by slum niggaz and stars in Hollywood

[chorus]

You only think about beating me  
You only think about beating me  
I'm flyin', I'm flyin'  
And you are dyin'  
You only think about beating me
