Another brotha was passin' me by  
Then he looked so deep into my eyez  
And that's when I asked him what his problem was  
And without a doubt he went for his gun  
-I started to run-  
Without a fight, cuz I knew I was too young too die  
Without any doubt , like an athletic, I ran straight home

Cuz we don't live too long  
Before you know it another life is gone  
Just open up your eyez and see  
Why we should live

What do we live for, if we hurt  
And if so many dear ones, have left this world  
We've got to beware, cuz life ain't no game  
So let us just make that change  
You know we don't live too long

Cuz we don't live too long  
Before you know it another life is gone  
Just open up your eyez and see  
Why we should live

At first I was blind  
But now I can see  
The use of this world, has got a hold on me  
If you're discouraged  
Then here's what I say  
Don't take life for granted and pray

Cuz we don't live too long  
Before you know it another life is gone  
Just open up your eyez and see  
Before you know another life is gone

Cuz we don't live too long  
-Open up your eyez and see,  
why you don't wanna listen to me-  
Before you know another life is gone  
-And no one has got in your way,  
why you wanna go on this place-

Just open up your eyez and see  
Why we should live
