“What Happened To
You”

.. ..

Spite out of envy befall us all

I won’t succumb to it

You where there right by my side

Then pull the shades over my eyes

Please can you make me understand?

.. ..

I’m swimming in a sea of people whose waves are
crashing
down on me

And even when I am all alone it doesn’t matter you’ll
go
where the wind blows

.. ..

I can’t go through this no I didn’t do this

Cause I’m real and I’m here and I’m not going
anywhere

So take your views and your perceptions cast them off
into
the ocean

Cause you don’t see me

.. ..

I’m swimming in a sea of people whose waves are
crashing

down on me

And even when I am all alone it doesn't matter you'll
go
where the wind blows

.. ..
Let's turn it all around

Closed eyes can change so many things

Let's turn it all around

To what we had to what we'll bring

Let's turn it all around

Don't let them change you

.. ..

I'm swimming in a sea of people whose waves are
crashing
down on me

And even when I am all alone it doesn't matter you'll
go
where the wind blows

.. ..

I watched this beautiful thing grow it's dying, dying

What's left a pierced heart on the table it's crying,
I'm
crying

.. ..

Can't turn this all around

Closed eyes can change so many things

Let's turn it all around

To what we had to what we'll bring

Can't turn it all around

Don't let them change you

Cause they have changed you
