Pouring out the judgement from my eyes  
I'm pulling all the pride from my mind  
I'm finding all the pieces of my life  
When I didn't do things even close to right

Digging out the deep thorns from my hands  
And trying not to hide my wounds again  
You don't ever let me let you down  
Because this isn't all about me now  
You keep sending letters  
Trying to make it better

Gone gone gone gone  
I'm the one who did you  
Wrong wrong wrong wrong  
And you couldn't help but love me  
Even if I was that bad

I don't want to start all over again  
I think it's time to see that this cycle ends  
Looking from the point where I come from  
I can finally understand what I've done

Gone gone gone gone  
I'm the one who did you  
Wrong wrong wrong wrong  
And you couldn't help but love me  
Even if I was that bad  
Take take take take  
I deserve to fall and  
Break break break  
Say anything that would destroy me  
But you didn't give me that,

I fell off the tight rope and into the fires  
I'm fortunate enough to be your desire again  
Come easy, so easy  
You followed me down in the darkness of me  
And you brought me out of it  
You taught me the love of a friend  
So heavy, so heavy

Gone gone gone gone  
I'm the one who did you  
Wrong wrong wrong wrong  
And you couldn't help but love me  
Even if I was that bad  
Take take take take  
I deserve to fall and  
Break break break  
Say anything that would destroy me  
But you didn't give me that,  
You didn't give me
